# Sick Women

When shown positive and reliable proof that a certain remedy had cured many cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are five letters from southern women which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

## LETTER FROM VIRGINIA.

Elliston, Va.—"I feel it my duty to express my thanks to you and your great medicine. I was a sufferer from female troubles and had been confined in bed over one third of my time for ten months. I could not do my housework and had fainting spells so that my husband could not leave me alone for five minutes at a time.

"Now I owe my health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier. Whenever I see a suffering woman I want to tell her what these medicines have done for me and I will always speak a good word for them."—Mrs. ROBERT BLANKENSHIP, Elliston, Montgomery Co., Va.

## LETTER FROM LOUISIANA.

New Orleans, La.—"I was passing through the Change of Life and before I took Lydia E. Pinkham's Vegetable Compound I was troubled with hot flashes, weak and dizzy feelings, backache and irregularities. I would get up in the morning feeling tired out and not fit to do anything.

"Since I have been taking your Compound and Blood Purifier I feel all right. Your medicines are worth their weight in gold."—Mrs. GASTON BLONDEAU, 1441 Polymnia St., New Orleans, La.

## LETTER FROM FLORIDA.

Wauchoula, Fla.—"Some time ago I wrote to you giving you my symptoms, headache, backache, bearing-down, and discomfort in walking, caused by female troubles.

"I got two bottles of Lydia E. Pinkham's Vegetable Compound and a package of Sanative Wash and that was all I used to make me a well woman. I am satisfied that if I had done like a good many women, and had not taken your remedies, I would have been a great sufferer. But I started in time with the right medicine and got well. It did not cost very much either. I feel that you are a friend to all women and I would rather use your remedies than have a doctor."—Mrs. MATTIE HONOR, Box 406, Wauchoula, Florida.

## LETTER FROM WEST VIRGINIA.

Martinsburg, W. Va.—"I am glad to say that Lydia E. Pinkham's Vegetable Compound has done wonders for my mother, daughter and myself.

"I have told dozens of people about it and my daughter says that when she hears a girl complaining with cramps, she tells her to take your Compound."—Mrs. MARY A. HOCKENBERRY, 712 N. 3rd St., Martinsburg, W. Va.

## ANOTHER LETTER FROM VIRGINIA.

Newport News, Va.—"About five years ago I was troubled with such pains and bloating every month that I would have to go to bed.

"A friend told me to take Lydia E. Pinkham's Vegetable Compound and I soon found relief. The medicine strengthened me in every way and my doctor approved of my taking it.

"I will be glad if my testimony will help some one who is suffering from female weakness."—Mrs. W. J. BLAYTON, 1089 Hampton Ave., Newport News, Va.

Why don't you try this reliable remedy?

## The Old New Hampshire Home.

The Rebekahs presented "The Old New Hampshire Home," Thursday evening, November 7th, at the Norway Opera House before a good sized audience.

Act 1 represented the Thanksgiving Day at Farmer Winthrop's old homestead in New Hampshire, during which Edvard Van Dusen, (Edward L. Burnell) a villain who was secretly married to Mabel, (Mae Emerson) Farmer Winthrop's daughter, stole some money and placed the pocketbook in the pocket of Oliver Stanhope, (Ozell Brown) who was a lover of Mabel, that suspicion might rest on him. During the dinner, Mabel, who was very unhappy at deceiving her parents in regard to her marriage, placed the false position in which she was placing her lover, confessed her marriage to Van Dusen. Her father denounced her and turned her from his home, saying she was no daughter of his, but Muffins, (Leah Wetherbee) an adopted daughter of the old man, said that she would follow her sister and that where she went, she too would go. At this time the money was missed, and Van Dusen stated that he saw Stanhope take the money and that he would find the pocketbook in his pocket. His statement proving true, Stanhope's respect for him and he was forced to leave his home in New Hampshire.

Act 2 showed an East River dock in New York, where Edvard Van Dusen and his friend Rawlings (Elmer Packard) were planning to rid themselves of Mabel, as she knew too much of her husband's vices. During their talk they were met and recognized by "the putting in glass man," (Walter Chandler) a policeman, who was at the dinner in the old New Hampshire home when Mabel was driven from her home. Van Dusen's plan of sending letters to Mabel and Stanhope, purporting to be from each other worked successfully. As Mabel arrived at the place of meeting she encountered her parents, who had been driven from the old home in New Hampshire on account of being unable to meet the mortgage, which had become due. She pleaded for them to forgive her, but she was again refused forgiveness. Tilly, (Gertha Mann) the maiden aunt, met her, old sweetheart, "the Irish nobleman," (Harold Anderson), who is now a policeman here at the dock, and Muffins recognized her old friend, Zeb Watkins, (Merle Russell) who was her country swain in old New Hampshire, but is now a New York Mayor. At this time Mabel had some doubts, but when she saw the usual hour except during the summer months when no meetings were held. At present the meetings are well attended and the society is in good working condition. \$15 have been paid on the appointment plan and \$10 on the card system.

Rev. R. J. Bruce reported for the Junior C. E. Society. There are 40 members enrolled and the young folks are interested in the work and hold their meetings regularly. They are also anxious to be earning money and plan in the near future to hold a penny fair. There is \$10 in the treasury.

The ladies' circle was reported by Mrs. A. J. Stearns. The circle has been working the past year and have had a very good year financially. At the beginning of the year there was \$30 on hand. Three circles were held, which netted \$171; from food sales \$52; and from dinners at the fair \$287.98, making a total of \$510.88.

Mrs. I. A. Bean reported for the missionary society. The attendance has been good at their meetings and interesting mission studies taken up. The meetings of the home and foreign societies alternate each month. During the past month a barrel of useful articles has been sent away to a mission. The speaker declared, R. N. Swett, spoke of the church in its various branches, all of which are in a prosperous condition under the able leadership of our pastor.

Rev. R. J. Bruce made a few brief remarks stating that he believed that a church as well as a corporation should have a policy of expansion, and should have a definite plan to work out. We are apt to hold fast to that which has been passed down by our fathers and some say "we need a new gospel," but what we need is to adapt the old principles to the present age. We should call the principles of Christ into our own Christian life, forsake and we fall, for men worth while are not lax concerning Christ.

Another side to think about is the practice of the church. Some men feel new methods. We have great possibilities, a church should not close its doors six nights out of seven. In our basement is ample room for a reading room and game room for the young folks. They should have a chance to play billiards, without having to go to the rear of some barber shop, and in this way elevate the young men. He spoke of the church debt and suggested ways of reducing it more each year. He also spoke of the necessity of a parsonage and affirmed he had just set on foot a rent to the church as to an individual which would about pay the interest on the money invested. In closing he expressed his thanks for the support given him in the work of the past week.

After singing, "Blessed be the Tie that Binds," the meeting adjourned.

SWEDEN.

Vernest and Fred Bowley have sold their own to W. H. Gordon. Mrs. Sarah Tobin died Oct. 22d, aged 56 years, at the home of her cousin, E. C. Tower. Mrs. Tobin lived in Massachusetts until the death of her husband some two years ago.

Walter E. Gordon sold a nice pair of three-year-old steers recently to Adolphus Fessenden. Walter also sold a cow and bought one, bought a horse and swapped horses twice the same week; still he called it a poor week for trading.

The fall term of school in Black Mt. district closed two weeks ago tonight. Miss Smith of Bridgton. She is to teach the winter term we hear. She is much liked by all the scholars and we think she taught a nice term of school.

Will Bryan has put in a nice new furnace recently. His father, who is nearly 85 years old, has raised a nice crop of yellow corn, nearly 150 bushels of ears, also a nice crop of potatoes. He did the work unaided with the exception of husking the corn, his wife helped some. Mr. Bryan also has his year's wood cut four feet.

SOUTH PARIS.

At a committee meeting at Mrs. Will Edwards, Tuesday, plans were made for a parental and teachers' social to be held at the Methodist vestry on the evening of Nov. 19. This is to be just an informal social with an opportunity to talk over questions of mutual interest in regard to our schools. It will be given by the W. C. T. U., who will furnish music and refreshments. All who have a child or children in school or are anyway interested in our schools, begin now to plan to attend this social and meet all our teachers and the school board. ## Annual Roll Call.

The annual supper and roll call of the Congregational church was held Thursday evening in the dining hall and in spite of the heavy rain which was falling there were a hundred present. The supper, consisting of hot mashed potato, cold meats, hot rolls, salads, pies, assorted cake, coffee and cocoa, was served at a ladies' circle.

Following the supper the meeting was called to order by the moderator Rev. R. J. Bruce. The clerk's report was read by R. S. Osgood, followed by the treasurer's report by H. L. Horne, which showed that during the year \$46.97 had been received and that this department was \$17.13 on hand. R. S. Osgood was re-elected clerk for 1 year and H. L. Horne treasurer for 1 year.

L. A. Bean was re-elected deacon for 3 years to succeed himself.

The calling committee for the coming year is composed of Mrs. Elizabeth Andrews, Mrs. E. N. Swett, Mrs. F. N. Barker, Mrs. Anna Keene, Mrs. C. W. Hilt, Mrs. Frank Cox, Mrs. Emma J. Holt, Mrs. C. W. Horne.

The standing committee consists of Charles Evers, W. S. Partridge, Mrs. Esther Ryerson, Mrs. A. J. Stearns, and Mrs. George W. Holmes.

The roll was called by the pastor, Rev. R. J. Bruce to which all present responded and many letters were read from absent members. After the roll call, Mrs. Harold Thayer sweetly sang the solo entitled, "So I Can Wait," with Mrs. H. L. Horne accompanist.

H. L. Horne gave a brief report of the work of the parish committee stating that as long as the parish committee had not labored very ardently, the report would necessarily have to be short.

The report of the Sunday school was given by the assistant superintendent, J. C. Briggs. There are thirteen classes in the adult department and there has been an average attendance of 110 with an enrollment of 165. The school is in a good condition but there is an opportunity for enlargement.

The Junior Department of the Sunday School was reported by its superintendent, P. F. Stone. The department has been divided into five classes, the work graded to fit the scholars and is proving very satisfactory.

Elizabeth Foss gave a report for the Senior C. E. Society. During the year the meetings have been held at the usual hour except during the summer months when no meetings were held. At present the meetings are well attended and the society is in good working condition.

\$15 have been paid on the appointment plan and \$10 on the card system.

## Joseph Andrews' Letters.

No. XXIV.

I find that it is hard to remember dates unless we have something to go by as a starting point. There has been considerable controversy as to which church was built first, the brick Congregational church at the village or the Lovell Center church. In one of my letters to the Advertiser, No. 6, a few years ago, I wrote, "I wish that I knew more about the early church work in Lovell."

"I can remember when the members of the Congregational church first began agitating for a church building of their own and Dea. Stearns was sent out to solicit funds. They called it begging in those days. It seemed that he was gone a long time, and when he returned he brought a large sum of money, \$800. I think it was but an act of grace, and that as a next step, they built the pretty brick church at Lovell village."

"It was not long after the building of the village church before the people at the Center began to agitate the question of building a church at that place. They had within their midst, stone masons, brick layers, plasterers and carpenters, also painters; and one of their number owned a saw mill, and almost every one had lumber of some kind, so united and with a will they went to work and without any outside help built a church of which they were all proud."

Wishing to make sure that I was correct in my statements, I wrote to George H. Moore at Lovell and he sent me the old subscription paper with the date and names of the subscribers thereon; also a deed to his father's village church, both of which I carefully copied and returned the originals to Mr. Moore, and these copies I include with this sketch.

The date of the subscription paper is January 22, 1850, and the date of the deed, Sept. 5, 1851. Mr. Pottle at the Center has the church records of the Center church which he and I looked over but failed to find any clue as to the time the church was begun. He showed me however, a deed from the church trustees to Silas Head's pew in the village church, which was dated Dec. 1851, thus showing that the pews in the village church were sold about three months before those of the Center church.

It will be noticed that nearly one-half of the amount subscribed was by men living at or near the Center, who had to put their hands deep into their pockets in order to pay for their own and the half of the village church.

I wrote to Henry Stearns at Oakland, Cal., with regard to his father's raising money for the village church and he wrote me that he didn't think his father raised more than one-half that amount. He also added that his father gave so much to the village church that he did not feel able to give anything to the Center church, and that when the pews at the Center church were sold, in order to keep the good will of the good old deacon they made him a present of a pew.

It will be noticed that the amount of the subscriptions (of which as noted on the paper, \$40 was not paid) was a little over \$1,700, and it seems that the cost of the church was \$2,450, so that if Dea. Stearns raised \$800, it just about paid the debt.

Lovell, January, 22, 1870.

We, the subscribers, for value received and in consideration that Ammi Cutter, John Barker, Josiah Wood, A. A. Barker and Samuel Emery will build or cause to be built at Lovell village within eight months from date, a church for the use and occupation of the Congregational society of Lovell, and to be owned and controlled by them, do severally promise to pay to said Cutter, Barker, Wood, Barker and Emery the sum or sums placed opposite our respective names, which said sums are to go towards payments on purchase of pews in said house, said pews to average about \$40 each and to be appraised by a committee chosen by the subscribers and after appraisal to be sold to the highest bidder, or at said appraisal.

And we severally promise our said subscription on demand after the foundation is laid for said house, in four equal payments, the first payment to be made as soon as said foundation shall be laid, the last quarterly payment to be paid after the house is finished.

## Parents, Read this Letter!

I have a letter from a prominent Maine clergyman in regard to a sickness of one of his children from which I quote as follows: "Our two-year-old baby was very sick at two different times and we came near losing her. We had the best doctors, but they did not know what the trouble was. In the first sickness she had high fever for several days, and the doctor said it acted like scarlet fever, but as there were no other cases he did not think it could be. Afterwards she broke out in a rash all over her body. The last sickness was similar and the doctor was puzzled. She was very nervous and we feared we would lose her. Your Dr. True's Elixir was recommended, and after two days' use she passed several worms from two to three inches in length, and is now well and strong and sleeps at nights without fretting, tossing and starting in a fright as she did formerly."

I will be glad to furnish this clergyman's name and address to anyone who cares to write to me.

N.B.—True's Elixir is the best known remedy for all stomach and bowel troubles. Purely vegetable, pleasant to take and entirely harmless. Expels stomach worms and pin worms. All dealers, 35c; 50c; \$1.00. Yours for better health,

### The Woman Makes the Home

She makes it best who, looking after the culinary department, turns her back resolutely upon unhealthful, or even suspicious, food accessories. She is economical; she knows that true economy does not consist in the use of inferior meat, flour, or baking powder. She is an earnest advocate of home made, home baked food, and has proved the truth of the statements of the experts that the best cooking in the world today is done with Royal Baking Powder.

#### WEST PARIS.

Mrs. Jennie Elizabeth Swan, wife of Levi Nelson Lapham, passed away at her home on Greenwood street, Monday at 9 a. m., after a long illness which was severe during the last few weeks. She bore all her trouble with Christian fortitude and took an interest in the little details of the home up to the last day of her life. She was a member of the Methodist church.

Mrs. Lapham was the eldest daughter of Oliver and Lois Buck Swan and was born April 17, 1837, being one of eleven children, four of whom have passed on before. The six who survive her are, Bell, wife of Chas. Bean; Cora, wife of Geo. Tubbs, Maud Swan, Ella, wife of Alton Day and Lucy, wife of Ernest Curtis, all of whom live in the vicinity of West Paris, and one brother, Henry Swan, who lives at Bryant Pond.

She married Mr. Lapham, Sept. 20, 1873, and to them were given five sons and one daughter. Vivian the youngest died in infancy, Henry, Elmer and James died in young manhood, the last two leaving families. Lois, wife of Charles Sweet, and Auerne Lapham with his family live at South Paris. Besides these two children she leaves nine grandchildren to mourn their loss.

Little Don Lapham, son of James, who is an orphan, made his home with his grandparents, is again left without a home.

Mrs. Lapham was a very kind amiable woman, both in the home and among her many friends and will be greatly missed.

There was a short prayer service by Rev. Seth Benson at the late home and the remains were conveyed to Locke's Mills where the funeral services were held. Rev. J. H. Little officiated and she was laid to rest in the family lot there.

Marle, eldest son of Mrs. Annie Kimball, died Friday afternoon of membranous croup. He had been sick only two or three days. He was a little over nine years old and had begun to be a great help to his mother, although he has never been so strong and healthy as some.

On account of the diphtheria scare it was thought best not to have a public funeral and the body was carried to the cemetery the next night and laid beside his father, Oscar Kimball, who died of pneumonia August, 1910. He was in the fifth grade, in a class of 13. His little classmates contributed flowers but on account of no funeral the funeral was not held.
